AG BUSINESS MANAGEMENT

This program assists agriculture producers with planning, record-keeping, analysis and succession strategies. On-site visits to agricultural operations, seminars and continuing education are also important components of the program for area ag producers. Ag Business Management also focuses on many aspects of agri-tourism development including marketing, business planning, financial analysis, seminars and continuing education. Ag Business Management is a customized program designed to help with specific needs and goals of the ag community. This program serves both the Alva and Fairview areas.

ETC SafeLandUSA BASIC SAFETY AWARENESS ORIENTATION

SafeLandUSA is a volunteer organization comprised of major and independent oil and gas operating companies, industry associations, and educators. Together they have developed the SafeLandUSA Safety Orientation course. Successful completion of ETC SafeLandUSA provides a "lifetime" certification of this standardized orientation. ETC SafeLandUSA Safety Orientation for the Oil and Gas Industry meets or exceeds the minimum requirements of the US Onshore Oil and Gas Exploration and Production Industry. See pages 11 and 14 for more information on scheduled class sessions.

PLEASE REMEMBER

~NORTHWEST TECHNOLOGY CENTER IS A TOBACCO/SMOKE FREE FACILITY.

~PAYMENT IN FULL IS REQUIRED AT THE TIME OF ENROLLMENT.

~NORTHWEST TECHNOLOGY CENTER WILL NOT HOLD CLASSES MARCH 14-18, DUE TO SPRING BREAK.

- Interpret blueprints and specifications using math and computer technology.

NWTC also offers Practical Nursing. The PN Program has a separate application process starting in May. Classes begin in November 2016. See page 6 for more information.

Practical Nursing

PRACTICAL NURSING

***ADULT STUDENTS ONLY**

ENROLLMENT FOR THE NEXT PN CLASS BEGINS IN MAY!

Healthcare workers are in high demand. As a result, Northwest Technology Center will be accepting applications for its next Practical Nursing class beginning on May 1. This program is a 11-month course which includes both clinical hands-on instruction and classroom lecture work. NWTC's program has received approval from the Oklahoma Board of Nursing and has two highly qualified and experienced instructors. Students who complete the program will be prepared to take the national licensure examination. Students will need to prepare for the application process by gathering the following materials and preparing to take the T.E.A.S test.

INFORMATION NEEDED PRIOR TO ENROLLMENT:

- **High school and college transcripts**
- **Immunization records**
- **Proof of CNA certification**
- **Proof of successful completion of a Medical Terminology course.**
- **Letter of reference from employer**
- **OSBI background check (3 divisions)**
- **T.E.A.S. test (T.E.A.S test preparation can be found at www.atitesting.com.)**

Practical Nursing has a separate application and admission process and separate tuition schedule from other daytime programs offered at NWTC. Enrollment runs from May 1 through July 15.

The Northwest Technology Center Practical Nursing Program is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for practical nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program that needs educational requirement and successfully passing the licensure examination, requirements include submission of an application of licensure, a criminal history records search, and evidence of citizenship or qualified alien status. Applicants for practical nurse licensure must also hold a high school diploma or a graduate equivalency degree (G.E.D.). [59 O.S. §567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U. S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa stats, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
2. A pending or approved application for asylum in the United States;
3. Admission into the United States in refugee status.;;
4. A pending or approved application for temporary protected status in the United States.;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent resident status or conditional status.

The Board has the right to deny a license to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made, with the exception of felony convictions. An individual with a felony conviction cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received [59 O.S. §567.5 & 567.6.]

OSHA Training (10 or 30 Hours and OSHA 511)

This OSHA Outreach Training Program provides training for workers and employers on the recognition, avoidance, abatement, and prevention of safety and health hazards in workplaces. The program also provides information regarding workers' rights, employer responsibilities, and how to file a complaint. Through this program, workers can attend 10-hour class delivered by OSHA-authorized trainers. Through this training, OSHA helps to ensure that workers are more knowledgeable about workplace hazards and their rights, and contribute to our nation's productivity.

The OSHA 30 hour General Industry Outreach training course is a comprehensive safety program designed for anyone involved in general industry. Specifically devised for safety directors, foremen, and field supervisors; the program provides complete information on OSHA compliance issues and you will leave with a copy of the 29 CFR 1910 General Industry Regulations.

OSHA 511 covers OSHA Standards, policies, and procedures in general industry. Topics include scope and application of the OSHA General Industry Standards, general industry principles and special emphasis on those areas in general industry which are most hazardous. This course is taught by University of Texas Arlington OSHA Education Center. This class is being provided through a partnership with Tulsa Community College and begins on February 2.

Old Fashion Soap Making & Homesteading Skills –**NEW!**

Homesteading and Preparedness skills for emergencies. Learn some of the basic skills needed when severe weather or necessity strike! Many of these things that used to be common knowledge! Including, soap making using cold process method, refrigeration without electricity, make a modern version of a zeer pot, cooling when the power is out. Create a rocket stove for camping or emergency use and water storage and create a water collection system for emergencies.

Tai Chi

Tai Chi is an ancient Chinese tradition that, today, is practiced as a graceful form of exercise. It involves a series of movements performed in a slow, focused manner and accompanied by deep breathing that's now used for stress reduction and a variety of other health conditions.. Often described as meditation in motion, Tai Chi promotes serenity through gentle, flowing movements. The CDC endorses Tai Chi in the improvement of balance in the elderly. This class is an introduction to some of the forms used in this artful motion of exercise.

Great Classes For You!

Essential Oils- Natures Health and Wellness Solutions

In this Essential Oil Class, we will cover winter wellness, taking care of the skin you're in, our emotional wellness and also the essential oils for each body system. This will be a great class with information to take home and also a few items for you to make and enjoy as well! I invite you to come and become more informed, more aware and enjoy the aromas of "essential oils that benefit each body system." This class is offered at Fairview and begins on February 2.

There's An Oil For That! ~Essential Oils 101~

Essential Oils 101 is the perfect class if you want to learn how essential oils can enhance and improve your physical, emotional and mental wellbeing. We will learn the history of oils, the practical application and the many uses of essential oils in your home. This class will encourage and inspire you and your family to live a healthier life with essential oils. Relieving stress, lowering blood pressure, improving digestion, fighting colds and sickness ... you will be amazed there is an oil for that! Enroll today and discover the benefits of using essential oils to create physical and emotional health. You get to bring home some items you make in class! This class is offered twice in Alva for your convenience beginning on January 25 and again on April 5.

Digital Storybooks and More **NEW!**

Photos without stories are memories lost. Learn how to make beautiful hard covered photos albums with your photos. You will use a free on-line digital program that requires no downloads or upgrades and learn how to make a wide variety of projects such as invitations, calendars, canvases, craft and gift items, and much more. No supplies needed. No photos are needed for the first class. Photo Scanners will be available for class your projects. This class is offered on both campuses. The Alva class begins on January 18 and the Fairview course begins on February 15.

Dutch Oven Cooking

Anything you can cook in your oven or crock pot, you can cook in a Dutch oven. Whether you want a meal of chicken and rice, pot roast and potatoes, chili, or even pizza, a Dutch oven does a great job! All you need to do is practice and have confidence. Dutch oven cooking recipes are shared and each student has the opportunity to get hands-on experience and partake in the delicious meals prepared in class. This class is offered in Fairview beginning on March 21.

As of July 1, 2011, Northwest Technology Center has designated the Alva & Fairview Campuses as "Tobacco Free." There are no designated areas on campus where tobacco use is allowed by students, staff or visitors.

STUDENT SERVICES: Student support services such as career guidance, assessment, job placement, personal counseling, and basic skill enhancement are available for evening adult students. Please contact office personnel or a building administrator for more information. Northwest Technology Center is making a good faith effort to comply with the provisions and responsibilities of the Americans with Disabilities Act of 1990 (ADA). Services are available to students with disabilities, including accommodations in facilities, programs, and services. Northwest Technology Center does not discriminate on the basis of race, color, national origin, sex, age, veteran status, qualified handicap or disability. For more information you may contact Compliance Coordinators, Daren Slater, Alva campus or Kay Koehn, Fairview campus.

BUSINESS START-UP SERVICES

Northwest Technology Center offers assistance to clients who are interested in starting a small business. NWTC can help local entrepreneurs in locating resources, developing business strategies and pointing you in the right direction. Call 580.327.0344 in Alva or 580.227.3708 in Fairview to schedule a consultation for your business.

"Working with NWTC is always an easy and pleasurable experience. Over many years of working with NWTC, they have always provided a diverse variety of training to serve the needs of United States Gypsum Company's Southard Plant. We have done on campus as well as plant site training, and NWTC can tailor our training needs in many ways. They are a great partner, and provide invaluable services to the plant at a very reasonable cost."

**NWTC HAD OVER 15,000
ENROLLMENTS IN ALL PROGRAMS
(DAYTIME, BUSINESS & INDUSTRY
TRAINING AND EVENING CLASSES)
DURING THE
2014-2015 SCHOOL YEAR!**

Northwest Technology Center is making a good-faith effort to comply with the provisions and responsibilities of the Americans with Disabilities Act of 1990 (ADA). Services are available to students with disabilities, including accommodations in facilities, programs and services. Students who need this assistance should contact the ADA coordinator on their campus. Northwest Technology Center does not discriminate on the basis of race, national origin, veteran status, sex/gender, religion, age or disability. An equal opportunity educational institution.

Information on this page was taken from the 2014-2015 Tech Center Profiles published by the Oklahoma Department of Career and Technical Education and the 2015 Book of Lists published by the Oklahoma Journal Record on November 23, 2015.
